

LEICA R

Lens Set

# LEICA R

---

Leica R lenses offer a rare combination of optical excellence and cinematic character. Wide open, they strike a beautiful balance between crisp detail and smooth bokeh, ideal for both intimate close-ups and expansive landscapes. Stopped down, these lenses achieve peak performance, delivering exceptional sharpness and clarity across the frame.

Renowned for their ability to handle challenging light with ease, Leica R lenses produce minimal flares and maintain excellent contrast, even under strong backlight. Focus breathing is remarkably well-controlled, ensuring consistent framing throughout focus pulls – a critical advantage for cinematic storytelling.

This rehoused set spans a versatile range of focal lengths, from wide-angle to telephoto, allowing filmmakers to achieve a cohesive aesthetic across diverse shots.

Leica R lenses represent a hidden gem in the world of cinematic optics. They seamlessly blend classic rendering with modern precision, offering a unique character that elevates storytelling without compromising technical performance.

LENS SETS SPECIFICATIONS

Lens	Focal Length	Enhanced CF	Focus Rotation	Weight (KG)	Front Diameter	Length (mm)	Image Circle	Iris Blade Count	Tstop
LEICA R	15	6"	180°	-	110	88	Vista Vision	15	T3.5
LEICA R	16	6"	150°	-	110	74	36x24	15	T2.9
LEICA R V1	19	7"	330°	-	110	67	36x24	15	T2.9
LEICA R V2	19	12"	180°	-	110	67	36x24	6	T2.9
LEICA R	21	9"	150°	0.9	110	63	36x24	15	T4.1
