

ZEISS CONTAX

Lens Set

TECHNICAL OVERVIEW

ZEISS CONTAX

The Zeiss Contax lenses, introduced in the 1970s, have earned a reputation as one of the most exceptional optical designs of their time. Developed during the same era as the iconic Zeiss Super Speeds, these lenses quickly distinguished themselves with their pioneering T* coatings, which minimize flare and preserve contrast in even the most challenging lighting conditions delivering an organic and natural quality that remains unmatched.

Often referred to as "full frame super speeds," the Contax lenses are celebrated for their fast apertures, exceptional sharpness, and ability to produce beautiful cinematic bokeh. This performance has drawn comparisons to the highly regarded Super Speeds, positioning them as a versatile and powerful tool for creative storytelling. Their lightweight, compact design adds to their appeal, offering both functionality and portability for a wide range of shooting scenarios.

Today, the Zeiss Contax lenses are cherished for their balance of advanced optical precision and subtle artistic character. Their innovative designs and exceptional coatings were a reflection of Zeiss's relentless pursuit of excellence during a pivotal time in photographic history. Decades later, their enduring quality and full-frame performance have solidified their place as a bridge between the golden age of optical craftsmanship and the evolving demands of modern imaging.

ZEISS CONTAX

SINGLE LENS SPECIFICATIONS

Lens	Focal Length	Enhanced CF	Focus Rotation	Weight (KG)	Front Diameter	Length (mm)	Image Circle	Iris Blade Count	Tstop
Zeiss Contax	15	0.17	180°	1.45	110	88	HAWK65 2.4	15	T3.5
Zeiss Contax	21	0.22	330°	1.2	110	88	HAWK65 2.4	15	T2.9
Zeiss Contax	28	0.24	180°	1.3	110	80	MED 44x33	15	T2.1
Zeiss Contax	28	0.24	180°	-	110	80	REF 45x25	15	-
