

MASTERBUILT SUPERSCOPE

The new "SUPERSCOPE" lens series is the culmination of years in research and development. Conversations with top cinematographers have produced a set of lenses balanced in character and unique optical qualities. The "SUPERSCOPE" lenses present the combination of coverage for LARGE FORMATS, ultra fast T-STOP, excellent CLOSE FOCUS, and outstanding CRAFTSMANSHIP. MASTERBUILT has designed the "SUPERSCOPE" lenses to produce superb flares, soft contrast, edge fall-off, and gorgeous background separation – all consistent with the CINEMATOGRAPHERS VISION.

SUPERSCOPE 140MM T2.0

SUPERSCOPE 35MM T1.4
